

Phạm Quang Huy

Senior Java Fullstack Developer

Personal Information

Phone: (+84) 917 458 620
Email: huy.pham.spring@email.com
LinkedIn: linkedin.com/in/pham-quang-huy
GitHub: github.com/pham-quang-huy
Location: Binh Thanh, Ho Chi Minh City, Vietnam
Fit score: 70/100

Career Goals

Senior Java fullstack developer seeking to build scalable enterprise systems, improve UX/UI quality, and prepare clear English design documents for cross-border teams.

Education

2011-2015 B.Eng. Information Systems,
University of Information Technology, VNU-HCM.

Certificates

2024 AWS Developer Associate
2022 Oracle Java SE 11
2020 TOEIC 830

Soft Skills

Technical estimation
Mentoring juniors
Agile delivery
Issue ownership

Hobby

Badminton, technical blogging, Japanese drama.

Experience Summary

Senior Java Fullstack Developer with 8 years of experience in enterprise web applications. Completed 25+ projects across finance, logistics, HR, and internal operations. Strong in Java/Spring, TypeScript, SQL, testing, and English design documentation; moderate experience with retail workflow concepts.

Selected Projects

1. Enterprise Workflow Management System

Company project | Senior Fullstack Developer

A workflow platform for request submission, approval routing, and operational reporting.

- Designed Spring Boot REST APIs and module-level service architecture.
- Built TypeScript screens for approval flows, forms, and dashboards.
- Prepared English basic design and detailed design documents.

2. Logistics Billing and Invoice Platform

Company project | Fullstack Developer

Billing system for shipment fees, invoice generation, and adjustment approvals.

- Implemented Java/Spring Boot APIs, JPA entities, and PostgreSQL queries.
- Created reusable frontend components and validation rules.
- Added JUnit and API integration tests for billing scenarios.

3. HR Self-Service Portal

Company project | Module Lead

Employee portal for profile changes, leave requests, and payroll document download.

- Led a small team of 3 developers and reviewed code quality.
- Integrated SSO, role permissions, and audit logs.
- Optimized SQL queries for employee search and reports.

Phạm Quang Huy

Senior Java Fullstack Developer

Profile Snapshot

8 years of enterprise web development with Java/Spring and TypeScript. Good general fit; retail/POS exposure is partial.

Core Strengths

Java/Spring Boot
TypeScript UI
Testing and code review
English design docs

Selected Projects and Skills

4. Inventory Check Support Tool

Company project | Fullstack Developer

Tool for warehouse stock count, discrepancy review, and adjustment requests.

- Built stock count APIs and CSV import/export functions.
- Worked with business users to define edge cases for inventory mismatch.
- Implemented test cases for count confirmation and adjustment approval.

5. Customer Service Admin Console

Company project | Fullstack Developer

Admin console for customer lookup, ticket history, and operation memo management.

- Created responsive UI with HTML/CSS/JavaScript and TypeScript.
- Added pagination, filtering, and exception handling for large results.
- Supported system testing and UAT defect fixing.

6. Release Quality Dashboard

Company internal project | Technical Lead

Dashboard combining Jira, Git, and Jenkins status for release readiness.

- Integrated Git and CI data, then exposed dashboard APIs.
- Defined code review checklist and defect tracking process.
- Reduced manual weekly release reporting effort.

Skills

Backend Development

- Java, Spring Boot, Spring Security, JPA/Hibernate, REST APIs, OAuth2/JWT, Redis basics.

Frontend Development

- HTML, CSS, JavaScript, TypeScript, React, responsive UI, component-based development.

Databases

- PostgreSQL, MySQL, SQL optimization, indexing, schema design.

DevOps and Collaboration

- Git, Jira, Confluence, Docker, Jenkins, GitHub Actions, Linux, AWS.

Quality Engineering

- JUnit, Mockito, integration testing, API testing, SonarQube, code review.

Languages

Vietnamese native; English professional working proficiency; Japanese N4 learning.
