

Claire Moreau

Java Backend Developer

Lyon, France | claire.moreau.demo@example.com | +33-6-00-00-5005 | LinkedIn: [demo/clairemoreau](#)

PROFESSIONAL SUMMARY

Java backend developer with 6 years of production experience in Spring Boot services, API development, SQL, and automated testing. Strong backend fundamentals and documentation habits. Retail/POS domain exposure, frontend ownership, and Japan-side collaboration are limited, so the profile is a low Potential match rather than a Strong match for a senior retail system replacement role.

CORE SKILLS

- Java, Spring Boot, Spring Data JPA, REST API development, PostgreSQL, MySQL.
- Backend design: service layer, database queries, scheduled jobs, API error handling.
- Testing: JUnit, Mockito, integration tests, Postman collections, code review participation.
- Documentation: English API documentation, technical implementation notes, release notes.
- Frontend: basic HTML/CSS/JavaScript maintenance only; limited full-stack ownership.
- Domain: finance and internal workflow systems; retail, POS, inventory, and system replacement exposure are weak.

PROFESSIONAL EXPERIENCE

Java Backend Developer - Internal Workflow Platform, Arcadia Software | 2020 - 2026

- Designed and implemented Spring Boot APIs for approval workflows, user permissions, notifications, and reporting.
- Wrote JUnit/Mockito tests and helped maintain integration test suites for backend releases.
- Created English API documentation and technical notes for frontend and QA teams.
- Worked mainly on backend services; frontend ownership was limited to small HTML/JavaScript fixes.

Junior Java Developer - Financial Reporting Tool, HexaBank Tech | 2018 - 2020

- Maintained Java/Spring modules and SQL queries for report generation and internal dashboards.

SELECTED PROJECTS

- Approval workflow API: Spring Boot service for multi-step business approvals and audit logs.
- Reporting module: SQL optimization and scheduled export jobs.
- Test automation: JUnit and integration tests for API changes.

EDUCATION

- M.Sc. Computer Science - Universite Claude Bernard Lyon 1, 2018

LANGUAGES AND COLLABORATION

- French: Native; English: Professional documentation and meetings.
- No Japanese language and no regular Japan-side collaboration.
